

# Blueprint Reading Level 1

*Starts September 27<sup>th</sup>, 2010*

Blueprint Reading Level 1 is for anyone looking to be able to read blueprints with confidence. It is ideal for tradespersons, project managers and estimators who need to understand blueprints for their work. The course is a practical approach to understand the principles of blueprint reading whether they are commercial or industrial plans.

Content will include but is not restricted to:

- Blueprints and Working Drawings
- Elevation Drawings
- Symbols and Abbreviations
- Reading Blueprints for Trades
- Dealing with Construction Supervisors and the Management Team
- Drawing Control and Organization
- Pictorial Drawings
- Plan View Drawings
- Scales and Dimensions
- Detail Drawings
- Trade information on Blueprints
- Titleblock, Revisions and Referencing Systems

To further customize this course, we ask that you inform us of your specific trade while registering. The text will be available on the first day of class, and the cost will be included in the course fee.

The instructor, Dave Sawatzky, brings with him 35 plus years experience as a senior designer, chief designer and construction inspector. He has also taught this course for over 23 years for Kwantlen University College and the Surrey School District's Adult Education Department. He is eager to share his experiences and knowledge with his students.
